

WILL YOU SPEND *2 TO SAVE YOUR HAIR?

How many hard-earned dollars have you spent to sove your hoir? How many hair notics, gadgets, restorars, electrical devices, have you tried in the last few years — with no success? How many times after on unsuccessful hair-growing attempt have you swarn not to spend another cent on another hair treatment?

Yet, you buy the next product that comes on the market with hairgrowing claims.

Stand in front of a mirror, take a long hard look at the top of your head. What have you to show for the money you spent on hoir restorers? Do you have as much hair as one year ago? Do you see any signs of new hair, or new hair growth? Why the follure?

CAN YOU GROW HAIR?

Doctors who have spent a lifetime studying hair and hair growth have concluded that nothing now known can grow holt on a bald head. So, if you are bald, prepare to spend the rest of your life that way. Accept it philosophically and quit spending hard-earned dellars on hair growers.

If you can't grow halt—what can you do? Can you stop excessive hair loss? Can you save the hair you still have? Can you save the hair you still have? So you hair? Probably. Please read every word in the rest of this statement carefully, since it may mean the difference to you between saving your hair on do sking the rest of it to eventual BALDNESS.

HOW TO SAVE YOUR HAIR

itchy scalp, hair loss, dandardf, very dry or o'dly scalp, are symptoms of the scalp disease called seborrhea. These scalp symptoms are often warrings of approaching baldness. Not every case of seborrhea results in baldness, but doctors now know that men and wamen who have this scalp disease usually lose their hoir.

Seborrhea is believed caused by three parasitic germ organisms (stophylococcus albus, pityrosporum ovale, microbacillus). These germs first infect the seboceous glands and later spread to the hair follicles. The hair follicles atrophy, no longer con produce new hairs. The result is "thinning" hair and baldness.

Many men and women suffer needless warry and heartache as they peer into the mirror as their retreating hairlines. Worse, they suffer needless loss of hair because today sebor-rhea can be controlled—quickly and effectively—by treating

your scalp with the amazing scalp medicine colled Ward's Formula.

DOUBLE MONEY BACK GUARANTEE

In seconds, Ward's Formula kills the three parasitic germ orgonisms retarding normal hair growth. This swift germicidal action has been proven in scientific lests by a world-famous testing laboratory (copy of laboratory report sent on request). Word's removes infectious dandruff, stops scalp litch, brings hair-nourishing blood to the scalp, tends to normalize very dry or ally scalp, in brief Ward's Formula corrects the ugly symptoms of seborrhea, stops the hair loss it causes. Ward's Formula has been tried by more than 350,000 men and women on our famous Double-Your-Maney-Sack Guarantee. Only 1.9% of these men and women. were not helped by Ward's and asked for their double refund. This is truly on amazing performance.

Why not join the men and women who have successfully ended their troubles? Treat your scalp with Ward's Formula. Try if at our risk, In only 10 days you must see and feel the marked improvement in your scalp and hair. Your dandruff must be gone. Your scalp lith must stop. HOUSE OF BURGESS

In the Virginia House of Burgesses in Colonial times, Patrick Henry vowed he wanted liberty or death. He won liberty and so did we—liberty to gaze at the charms of voluptuously shapeful Jane Burgess!

It may be a long time since our forefathers fought for freedom, but they would have whistled "Yankee Doodle" with vigor had pert Jane been around then.

Not only the Liberty Beil, but all the other bells in town would have rung the praises of this beautiful young belle.

Freedom, however, isn't license, says Jane impishty, which should serve as fair warning to walves to stay far away.
